## Review Rules

**BEFORE MAKING YOUR entries via InfoDog you should be aware of and agree to the following RULES:**

1. The closing date and time parameters for accepting **conformation, obedience, and rally entries** are:
  - **A \$4.25 per entry administrative fee will be charged for EACH entry in addition to the normal show entry fees for AKC licensed superintendents.**
  - InfoDog will take entries for MB-F superintended events up until the closing hour.
  - Entries for other AKC licensed superintendent's shows will be taken up until 12:00 noon Eastern time the day before entries close.
  - Entries for shows with show secretaries will be taken up until 12:00 noon Eastern time two business days before closing.
  - These parameters are necessary to allow us adequate time to forward your entries to the appropriate organization or person handling entries for the show.
  - **An additional fee of \$15.00 will be charged for events handled by show secretaries and will be displayed to you before the entry is complete.**
  - We will NOT take entries for shows after these times.
2. Be sure your payment information is accurate. If your payment is declined for any reason the entries will not be in the show. You will need to resubmit any rejected entries before closing.  
Per chapter 11 section 4 of the Rules Applying to Dog Shows:
  - "To be acceptable, an entry must: Be submitted with required entry fee."
  - "No entry may be accepted unless the Superintendent or Show Secretary, named in the premium list to receive entries, receives such entry: prior to the closing date and hour as published in the premium list"

**Your entries made using this web site are not complete and accepted until a valid payment has been authorized by your bank prior to the closing date and time for the shows entered.** If the entry closing time is reached prior to the receipt of a valid payment, your entries will not be accepted.
3. When you check your transaction you will find a column noting the "Status" of your entry in processing. . . .
  - "Received at InfoDog for forwarding to Supt/Show Sec." - The bank has authorized your charge and the entries are found to be acceptable.
  - "Forwarded" - Your entries have been processed and forwarded to the organization/show secretary. Due to the nature of the Internet and the way the Internet is used, there may be a delay in the receipt of your entries by the organization/show secretary.

extreme heat, heavy rains, or other circumstances including, but not limited to, the condition of the facilities or grounds and/or the ingress and egress from the grounds, must be considered for the health and safety of the dogs, exhibitors and spectators. The well-being of dogs, exhibitors and spectators is of paramount importance and, in the event it is necessary to cancel or stop the event before completion, no refund of entry fee will be made. To find out about any AKC event cancellations call the AKC Event Cancellation Hotline (877) 252-3229.
7. Be very careful to proofread what you type into the dog's entry (i.e., class, name, etc.) as the program now will accept whatever you type and it will become part of your dog's record in the computer files. In addition, you should refer to the actual premium list for classes offered, fee breaks, etc. If you need to have a premium list sent to you contact the appropriate organization handling the show.
8. Please refer to the Acceptable Titles table for acceptable dog titles you may use on an entry for an AKC show. [Acceptable Titles](#)
9. **Keep good records.** Be aware this system WILL ACCEPT duplicate entries (however, not within a particular transaction). Administrative fees will NOT be refunded. Entry fee refunds are handled through the organization/show secretary handling show according to their individual policies regarding such refunds.
10. You will receive a reference number on screen for your entries at the end of the payment process when your payment is approved. **IMPORTANT - Your entries are not complete and not accepted until you receive this reference number.** YOU MUST have this reference number in order to verify the status of your entries. An automated email with this reference number along with a summary of the entries made will be generated and sent to the email address you provide.
11. The InfoDog online entry system accepts entries for AKC events in accordance with the latest [entry form instructions](#) and [Rules Applying to Dog Shows](#) (rules) of the American Kennel Club. From time to time these entry form instructions and rules are subject to change. In the event of a discrepancy in these entry form instructions and rules versus the text within the InfoDog online entry system, the AKC entry form instructions and rules will take precedence.
12. This web site uses 128 bit encryption and secure socket layers for your information protection. This is the best security currently available on the Internet. If you buy anything using your credit card number on the Web, you should be aware of the security risks involved. Theoretically, your card number could be intercepted en route and used by unauthorized people. If you send your credit card number via Internet, you must understand that this risk is yours and only you can decide whether the convenience is worth the risk. If you nevertheless choose to use this electronic payment option, MB-F, INC. disclaims any liability for direct, consequential, special or punitive damages or losses which you may incur as a result of your use of this payment option.
